## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Department of Higher Education** assume the maximum amount of money that can be appropriated for community college maintenance and repair is specified in statute: ten percent of state operating appropriations. Community colleges must match all state maintenance and repair dollars with local funds. This bill only expands the type of expenses that are eligible for reimbursement. The bill does not change the maximum possible appropriations or mandate a change in the current appropriation level; therefore, there is no fiscal impact.

Officials from **Linn State Technical College, Ozarks Technical Community College, and North Central Missouri College** said this proposal would have no fiscal impact on their organizations.

<u>FISCAL IMPACT - State Government</u>	FY 2002 (10 Mo.)	FY 2003	FY 2004
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>
<u>FISCAL IMPACT - Local Government</u>	FY 2002 (10 Mo.)	FY 2003	FY 2004
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

### FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

### DESCRIPTION

This proposal would allow appropriations to community colleges for surface parking areas.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
